

Established in 1998, NZCT is the country's largest gaming trust and the largest funder of amateur sports participation in New Zealand. We are proud of the contribution we make to local communities, but we couldn't do what we do without the help of our hard-working publicans. It is these local business owners who raise funds by operating gaming lounges. NZCT has offices in Auckland, Wellington and Christchurch, as well as staff located in Taranaki, Hawke's Bay and the Bay of Plenty.

NZCT'S VISION: Be the first choice gaming society.

NZCT'S MISSION: Maximise funds returned to the New Zealand community.

OUR PERFORMANCE IN 2020

In the 12 months to 30 September 2020, NZCT distributed \$29.4 million to sporting, local government and community groups nationwide. Many of these groups rely heavily on volunteers and have limited budgets. NZCT's financial assistance is always gratefully received. It allows local clubs and organisations to run events or deliver services they wouldn't otherwise be able to.

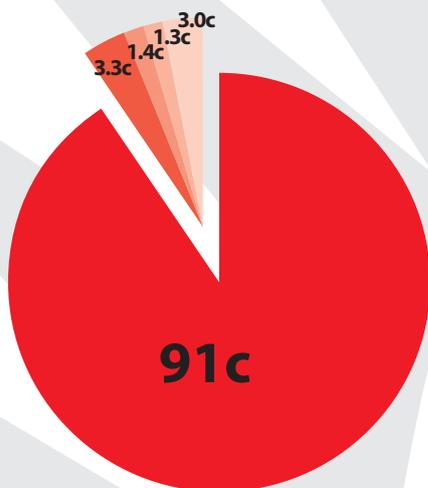

RETURN TO THE POKIE PLAYERS

On average, 91 cents of every dollar waged at an NZCT venue is returned to the player.

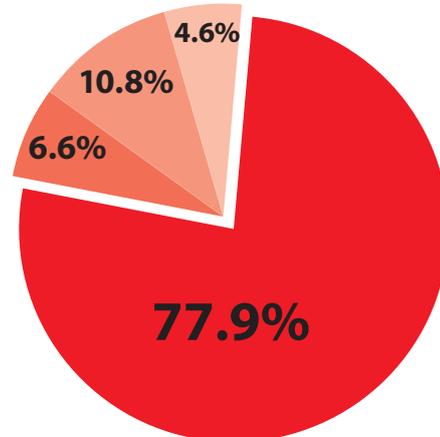

RETURN TO THE COMMUNITY

The majority of the grants we distribute are for amateur sport purposes.

WHERE \$1 WAGED AT AN NZCT GAMING VENUE GOES

NZCT 2019/20 GRANTS DISTRIBUTED

 Goes to the player in prizes

 Goes to grant recipients

 Goes to the venue

 Goes to pay operating costs

 Goes to the Government (duties and levies)

WHAT SETS NZCT APART?

Sport is our focus

NZCT plays a significant role within the New Zealand amateur sporting fraternity. Around 75 percent of the funds we distribute go towards amateur sport. And while amateur sport is our main focus, we are also a strong supporter of other worthy community activities, including local government projects and essential services such as Life Flight.

Local funding

NZCT has a policy of returning funds to the communities in which they were raised. Around 92 percent of our grants will benefit the community where the funds were raised. The remainder goes towards national organisations like Outward Bound or Special Olympics which provide widespread benefit to many communities throughout the country.

Regional Advisory Committees

NZCT pioneered the development of Regional Advisory Committees (RACs) whose members advise us on the distribution of gaming funds in their communities. We have RACs representing ten different regions. Each committee is made up of highly respected leaders who bring local insight and knowledge to the grants decision-making process.

Check us out on Facebook, Twitter or LinkedIn, or visit www.nzct.org.nz to find out more about NZCT.

Professional and ethical

NZCT sets the standard for professional and ethical performance. We consistently strive to exceed best practice. In 2006 we were the first gaming trust in Australasia to become AS/NZS ISO 9001:2000 accredited and we have been recertified every year since.

Experienced team

NZCT is fortunate to have a team of qualified, experienced staff who work hard to ensure the trust runs smoothly. From our highly regarded trustees, right through to our experienced in-house service technicians, we are all proud of the work we do and the positive impact we have on local communities.

Harm minimisation measures

NZCT takes harm minimisation very seriously. To prevent and reduce the harm caused by gambling, NZCT:

- pays a Problem Gambling Levy to the Ministry of Health to provide assistance programmes
- gives all our gaming venues a Harm Minimisation Pack which includes our Harm Prevention and Minimisation Policy, Exclusion Orders and a Harm Minimisation Incident Recording Sheet
- trains all gaming venue staff to recognise and assist problem gamblers (we train over 500 venue staff a year)
- displays signs and distributes pamphlets which encourage problem gamblers to seek help.
